

Welcome to your first Data 8 lab! Answer the following questions to the best of your ability. Complete the worksheet with your table group. Be ready to discuss your reasoning behind each of your answers!

1. Class Sizes

Which of the following numbers is the closest to the average size of all Berkeley classes in the 2021-2022 academic year?

30 40 50 60 70 80 90

2. Popular Degrees

In the 2020-2021 academic year, close to half of all undergraduate degrees at Berkeley were awarded to students in the 10 largest major programs. The top five (in decreasing order of number of degrees awarded) are L&S Computer Science, Economics, Political Science, EECS and Data Science. What are the next five?

3. Healthy Living

“Life expectancy at birth” (LEB) measures roughly how many years a newborn baby is expected to live, and is a commonly used metric to quantify the health of a population. What two states would you expect to have the highest LEBs among all states in the US?

4. Worldwide

Picking from the list of numbers below, fill in the numbers which you expect to be the closest to the LEB of the United States as well as the world.

68 70 72 74 76 78

United States: _____ World: _____
